SKILLS

C++, Coding Ninjas, Git, GitHub and Version Control, HackerRank, Mathematical Reasoning, Pre-Data Structures problems, Presentation, Python, Teamwork (GitHub), Testing & Debugging

Web Development: Axios, Basic JS, HTML5 & CSS, JavaScript, JQuery, Node.js & Express.js, PostgreSQL, React.js, Responsive Bootstrap, SASS, JSON parsing

Cloud and Security: AWS, Cloud Cost Reduction and Architecture, Cybersecurity Analysis, GCP, Zscaler Zero Trust Cloud Security model

WORK EXPERIENCE

Zscaler • Remote • 07/2024 - 09/2024

Virtual Internship

- Gained insights on Zscaler cloud security impacting 35% of global 2000 companies and securing 500 billion transactions daily.
- Obtained 100% score at the final quiz for Certificate acquisition.

Aashirwad Handlooms

Freelance work

- Developed an interactive, maintainable shopping website for Aashirwad Handlooms, projected to boost customer engagement by 25% through strategic digital availability.
- Worked closely with the creative and business (freelance) partners, utilizing strong verbal and written communication skills as well as problem-solving ability to implement and improve the functionality and overall face of the website.
- Validated the technologies JQuery, Bootstrap, HTML, CSS and Basic JS, while being self-motivated to fix, optimize, test and present robust, high-quality solutions, aligning with 80% of global web standards for improved user experience.

PROJECTS

StormSense Web Application • 03/2025 - 04/2025

Engineered a data-driven, responsive, weather application focused on delivering a user-friendly experience. Employed Bootstrap, HTML5, CSS, and JavaScript to create a visually engaging interface. Integrated Axios for efficient weather data retrieval and utilized D3.js for dynamic visualization of temperature forecasts, resulting in a 30% increase in user engagement with the forecast feature. The application displays current conditions, daily extremes, and a self-calculated AQI based on CO, SO₂, PM_{2.5}, and PM₁₀ values, enhancing user awareness of weather patterns by 25%.

The Nomad Web Application • 01/2025 - 02/2025

Designed and developed a responsive, cross-platform travel blogging web application featuring a modern, user-friendly interface built with Bootstrap, HTML5, CSS, and Basic JS. Utilized EJS templates to create and render multiple dynamic pages, streamlining content management and improving site maintainability by 20%. Implemented a basic user authentication system and enabled CRUD operations for users and administrators, leading to a 25% increase in overall user engagement.

EDUCATION

Bachelor of Technology in Computer Science and Engineering

Meerut Institute of Engineering and Technology • Meerut, Uttar Pradesh, India • GPA: 7.5 • 09/2022 - 09/2026

CERTIFICATIONS

AWS Certified Cloud Practitioner • 05/2025 - 05/2028

AWS
